

Old Granbury Road will be reduced to one lane for overhead bridge work west of the intersection with US 377 from 9 a.m. to 3 p.m. Wednesday - Friday, Aug. 2-4. Flaggers will direct traffic through the work zone.

In 2022, 205 workers and road users were killed in work zones. The leading causes – speeding, driver inattention, and unsafe lane changes – are entirely preventable. Protect workers. Protect road users. Drive safely.

A Texas Department of Transportation message

HELP
#EndTheStreakTX

End the streak of daily deaths
on Texas roadways.
